REMARKS

In response to the Advisory Action, the applicants are submitting this Amendment which is intended to place claims 6 and 7 in condition for allowance by placing them in independent form as compared to original claims 6 and 7. All reference to R<sub>2</sub> has been deleted and the reference to the R1 substituents as being other than naphthalene (claim 6) or biphenyl (claim 7) has been deleted. It is believed that this

Amendment places the application in condition for allowance

An early and favorable action is earnestly solicited.

Respectfully submitted,
